

Site Plans + Branded Property Overviews

CAPTURE ONCE. DELIVER CLARITY, CONTEXT AND IMMERSION EVERYWHERE.

Your iGUIDE capture now powers even more of the modern listing stack, without adding time, tools or complexity onsite.

Site Plans

Site Plans provide a schematic view of the entire property, including buildings and outdoor features. Powered by aerial data and onsite PLANIX captures, they extend iGUIDE value beyond the interior.

Why it matters for your business

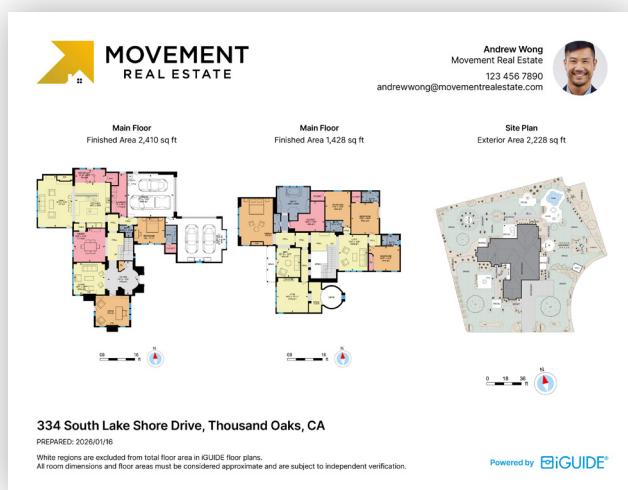

- ▶ Delivers the full property — interior and exterior
- ▶ Stands out in the market and make more per shoot
- ▶ Reduces requests for additional visuals or revisions
- ▶ Stays aligned with immersive listing standards

 **iGUIDE Site Plan add-on pricing***
